I feel that making Shuman OR Franklin Streets one way
is only creating a new problem to solve another problem.
These are residential areas with small children living
there and school age children walking or biking to school
daily. It is already scary trying to cross the street
at Main & Verona Road. Creating a second busy
street would then make 2 dangerous intersections.

where is the source of the traffic? Perhaps
an alternate route outside the core of Verona
needs to be investigated as a way to alleviate
congestion at Main St. & Verona Rd.

Also, making Shuman one way would result
in Indigo Coffee and Tranquility Day Spa
to be torn down. These are 2 businesses that
help keep the downtown vital and interesting.
These businesses make Verona a better place to
live.
